Abstract—The abstract goes here.

I. INTRODUCTION

This demo file is intended to serve as a “starter file” for IEEE conference papers produced under L^AT_EX using IEEEtran.cls version 1.8a and later. I wish you the best of success.

II. BACKGROUND

III. OBJECTIVES

IV. PROGRESS

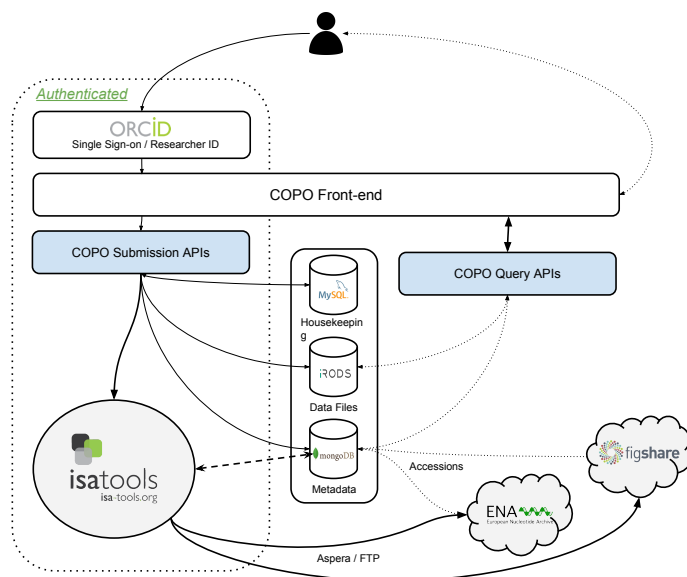

Fig. 1. Proposed Architecture of the COPO Prototype

V. FUTURE WORK

VI. CONCLUSION

The conclusion goes here. fdddfdff
